

Instructions:

1. Print this file onto cardstock so the crown is sturdy.
2. Color and glitter and decorate the printout until your tiara is gorgeous!
3. Carefully cut out the tiara along the dotted line with scissors.
4. Punch out holes on the sides with a hole punch.
5. Use several long lengths of pretty ribbon, and tie them into the holes on each side.
6. Hold your tiara up to your forehead. Ask a grown-up to tie the ribbons into a pretty bow that will hold the tiara on your head.

You look beautiful!

Very graciously

ask a grown-up to help you
with the tricky parts of this project,
like the printing, cutting, punching,
beribboning, and tying.
